

INTRODUCING NEO RESTORE

NEOCUTIS®

Renové
MEDICAL SPA

MICHELLE PARSONS, M.D.

POST-TREATMENT CARE ✓

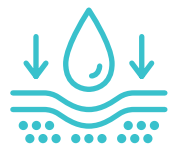

- “Second skin” fit optimizes absorption of supportive formulation
- Gel-like biocellulose material allows skin to breathe while providing a soothing feel
- Microfine fibers deliver high concentration of ingredients

100%

of users said there was
a visible difference
in appearance of
redness at Day 3¹

**NEO RESTORE helps soothe, smooth,
brighten, and retexturize as it improves
the look of skin¹**

- A treatment value-add when applied immediately post procedure
- Simple, supportive step that patients can continue at home
- Convenient, easy to apply, single-use sheets complement any post-treatment regimen
- Cooling and deeply moisturizing for post-treatment skin

Our first-ever
biocellulose mask for
immediate support.

CLINICALLY STUDIED, PATIENT ASSESSED, AND SHOWN TO REPLENISH COMPROMISED SKIN

Clinical Evaluation of a Skin Care Product for Effectiveness in Improving Skin Conditions Following a Microneedling Procedure

Study population

- 33 female subjects received NEO RESTORE biocellulose mask; 10 did not receive mask treatment (N=43)
- Patients of multiethnic descent and Fitzpatrick skin types I-VI ages 28 to 54 years of age
- All patients received a microneedling procedure prior to mask application

Study design

1. 3-day study period
2. 5-day washout period
3. At study site, subjects instructed to
 - a. Clean their face with provided NEO CLEANSE Gentle Skin Cleanser and pat dry
 - b. Undergo microneedling procedure (10-15 minutes)
 - c. Apply NEO RESTORE mask (remain on skin for 10-15 minutes)
4. Post treatment, subjects instructed to
 - Apply second mask of day in the evening (10-15 minute) and discard
 - Apply NEO RESTORE twice-daily, AM and PM, for the next 2 days using a fresh mask each time
 - Apply provided Neocutis JOURNÉE FIRM Broad Spectrum SPF 30 every AM
5. Subject assessments included clinical photography with VISIA-CR and self-assessment questionnaires

Statistically significant improvements throughout study duration ($p \leq 0.05$)

Percentage of patients with favorable response*

Parameter	Immediate	Day 1	Day 2	Day 3
Mask feels cooling	93.94%	93.94%	98.48%	98.48%
Skin looks more hydrated	92.42%	90.91%	96.97%	89.39%
Mask provides cooling and soothing sensation	90.91%	100.00%	95.45%	96.97%
Skin feels smoother	77.27%	96.97%	96.97%	93.94%
Skin looks healthier	75.76%	95.45%	95.45%	92.42%
Continual improvement in irritation	74.24%	90.91%	84.85%	92.42%

*Favorable responses = Strongly Agree + Agree + 1/2 Neutral

- No adverse events were reported during the study period.

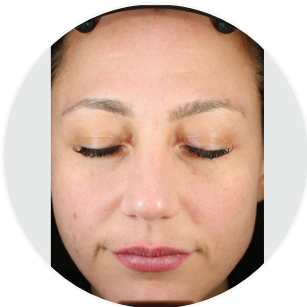

VISIBLE IMPROVEMENTS, DAY AFTER DAY

Baseline

5 Minutes
Post Mask Application

Post Treatment

Day 3
Post Treatment

92%

of users said their skin
looked smoother with
improved texture at Day 1¹

92%

noticed an overall
improvement in skin
texture at Day 2¹

100%

said there was a visible
difference in appearance of
redness at Day 3¹

New NEO RESTORE

The exclusive post-treatment care mask only from NEOCUTIS

Key ingredients

- Proprietary peptides (boost production of collagen and elastin)
- Glycerin (humectant; retains moisture in skin)
- Butylene glycol (softens and moisturizes while preventing water loss)
- Capryloyl carnosine (skin conditioner)
- Hyaluronic acid (HA) (smooths and hydrates skin surface)
- Hydrolyzed hyaluronic acid (low molecular weight HA to moisturize below skin surface)
- Sodium hyaluronate (increases skin elasticity; seals in moisture)
- Aloe barbadensis leaf juice powder (moisturizer)

Skincare you can trust

- ✓ Dermatologist-assessed
- ✓ Non-comedogenic
- ✓ Paraben-, dye- and fragrance-free
- ✓ Not tested on animals

The post-treatment care mask patients need, just when they need it

- Twice-daily application (AM/PM)
- Leave on for 10-15 minutes
- Gently remove mask and lightly massage any remaining liquid into skin
- DO NOT RINSE
- Discard the mask after a single use

Order NEO RESTORE for
your practice today!
